

# Rex Karmaveer Global Fellowship & Its Background

The **Rex Karmaveer Global Fellowship** brings together people from all walks of life, across age groups, from around the world, who are pursuing their passion by walking the path less trodden and inspiring a mindset change in society and/or are champions of change, who are making a difference in our world with their simple and significant ideas for action. The fellowship is celebrated at a 3-day CONCLiVE wherein fellows get an opportunity to present their ideas for action and learn from each other through Osmosis.

- The **Rex Karmaveer Global Fellowship** movement was incepted and launched 20 years ago for getting people involved with learning2learn, championing change, and becoming aware of social issues that are plaguing our world and need our attention.
- The **Rex Karmaveer Global Fellowship** is a non-profit mission powered by the Karmaveer Chakra award launched by the **International Confederation of NGOs (iCONGO)** in partnership with the **United Nations (UN)**.

# Reporting Process

- Since we are looking at large number of fellows and there will be a group of people doing this process it is imperative that we follow a set reporting procedure.
- **It will be expected that each member churns at least 5 prospect fellows every day and 35 prospects every week.** In any day that you are not able to work you can work more on any other day so as to meet the desired target, which will also increase your earning potential.
- **The details of the last week fellows will be shared on Google doc on each Monday.** This will be checked for any duplication or any corrections required. **There will be a QUICK skype call on all Tuesdays at a prefixed time (say 20:00 hrs). This is just to coordinate any interventions required by the team.**
- Should there be any other issues which are required to be addressed urgently, it can be done any time during any other day.
- This would enable each and all of our **FICE** to earn a minimum of 5 lakhs INR per annum and more if you also work on our Youth, Educators, Student Storytelling, and several other fellowship communities we are creating.
- Your earning potential is limitless based on the resourcefulness, initiative and commitment you demonstrate to get things done and make things happen.
- You can also grow within our ecosystem and someday we may choose you as our co-founder to lead a community and mission on your own.
